Experience

Microsoft .NET Consultant 04/2013 - 09/2015 //

Capgemini, Paris, France

With more than 180,000 staff in over 40 countries, Capgemini is one of the world's foremost providers of consulting, technology and outsourcing services.

- Designed and developed the front-end of 3 C# / WPF applications, coded algorithms, managed the Oracle databases and consulted with 2 clients, EDF and SNECMA
- Isolated incompatible component and replaced it to stop application crash
- Delivered 4 stable versions for EDF's high availability app
- Improved performances using virtualization, MVVM design patterns and identifying memory leaks
- Redesigned a WinForms application to a WPF application for better code maintainability, a richer UI and hardware accelerated interface
- Increased user experience and interaction by creating WPF graphic controls, Templates and Styles for data entry and file navigation
- Supported EDF and wrote reports to clarify solutions
- Trained an apprentice and onboarded 2 new developers

Web Developer and Web Designer 07/2012 - 09/2012 //

AIR's Atlas Studio, Paris, France

Worked with a musician Jean-Benoit Dunckel from the French international band AIR.

- Designed and developed the official website for AIR's side projects in HTML5, CSS3 and JavaScript
- Gathered requirements, organized the photoshoot, created graphic contents and videos using Photoshop and iMovie
